

Certificate III Technical Qualifications

Who are we?

Koolat Safety is a Registered Training Organisation, based on the Gold Coast offering Recognition of Prior Learning (RPL) for your Technical Qualifications.

What is Recognition of Prior Learning (RPL)?

Did you know your skills could be recognised with a National Certificate III Technical Qualification through Recognition of Prior Learning (RPL)? To be eligible, you must have gained relevant training and experience in the field for which you are applying and be at least 21 years of age.

Technical Qualifications available from Koolat Safety for RPL

Certificate III in **Scaffolding**
Certificate III in **Steel Fixing**
Certificate III in **Concreting**
Certificate III in **Dogging**
Certificate III in **Rigging**
Certificate III in **Construction (Plant Operation)**
Certificate III in **Construction (Road Construction and Maintenance)**
Certificate III in **Demolition**
Certificate III in **Formwork/Falsework**

Why do I need a Certificate III Technical Qualification?

Some companies are already specifying that some of the above work needs to be conducted by persons who are Technically Qualified with a Certificate III. To obtain a BSA licence you may also require a Technical Qualification Certificate III. For BSA licence information please follow the links from our website.

What you need to do

Contact **Koolat Safety** for an application kit.
